

Marrow & Co. is a refined steakhouse where quality and craftsmanship come together to create a truly distinctive dining experience.

The restaurant is set within 2 original train carriages - Brisbane & Melbourne Express and with a central seating area between the two carriages.

We're passionate about premium Australian beef with over 13 handpicked cuts, including our signature dry aged Riverine Tomahawk and premium Wagyu. Alongside these, our in-house dry aging program further elevates selected cuts, enhancing their depth of flavour and tenderness to offer a steak unlike any other.

To complement each dish, we offer a sommelier-curated wine list, premium spirits, and signature cocktails, each selected to enhance every note of your meal.

More than a place to indulge in exceptional steak, Marrow & Co. is a destination for those seeking a refined and memorable meal.
